THE SARITTE HAREL TEAM

The Saritte Harel Team stands out in the local market with over 110 years of combined experience, providing invaluable guidance throughout the home transaction process. With a remarkable 75% or more of our business coming from repeat clients, our enduring relationships reflect our commitment to loyalty and integrity.

Finding homes for buyers and selling homes for clients isn't just my vocation, it's my passion. After 20 years, I still get excited about every transaction as if it were my first, and clients get the benefit of my experience.

Today, I lead a top performing team at Keller Williams Premier Properties in Short Hills. When it comes to the home buying and selling process, that means anticipating issues, removing obstacles, and negotiating vigorously on their behalf. Our goal is to make the process less stressful and more successful for clients. Based on our consecutive growth, we know our approach is working for clients. In the local real estate market, experience and reputation make all the difference.

Our clients expect the highest quality service and we deliver. Whether it is marketing a home for sale, outlining a bid strategy, or negotiating inspection issues, my team and I are with clients every step of the way. I am very proud that clients rely on us, a responsibility we take seriously.

I am passionate about bringing people home. If you are considering buying a home or selling a residence, know that my team and I will work tirelessly to get the deal done.
